

AFRISO products in a heating system with oil burner and solar collector

Outside of the oil storage or boiler rooms

- 1 Event Reporting System EMS
- 2 Thermistor probe pipe cap
- 3 Vent cap
- 4 Pneumatic tank content gauge and level indicator Unitop
- 5 Oil/water alarm ÖWWG 3
- 6 Gas and smoke detector GRM
- 11 Pull cord

In the storage room

- 7 Direct mounting contents gauge MT-Profile
- 8 Thermistor type high level probe
- 9 Fuel withdrawal unit Euroflex
- 10 Anti-siphon valve MAV
- 14 Tank room lining

In the boiler room

- 12 Automatic oil de-aerator FloCo-TOP series
- 13 Oil drip pan
- 15 Boiler safety group assembly KSG
- 16 Vessel connection combination fitting GAK
- 17 Boiler low water level control WMS-WP6
- 18 Pump with overflow valve
- 19 Flow filter
- 20 Boiler room air vent Air-Control
- 22 Draft stabiliser WZB-1
- 23 Boiler safety group fittings

Solar

- 21 Solar control unit
- 24 Rinse and filling unit
- 25 Solar pump group PrimoSol®
- 29 Air separator for solar system

In the living area

- 26 Distribution manifold for underfloor heating and radiator
- 27 Room thermostat
- 28 Thermostat with timer
